ABOUT US

Mafa Integrated Farms Limited is a leading Nigerian agricultural exporter, founded in 2017 by Mukhtar Adam. Based in Kano's Gunduwawa Industrial Estate, we empower over 2,000 local farmers through out-grower programs, ensuring quality and traceability. We export high-value products like Clean White Sesame Seeds, Non-GMO Soybeans, Hibiscus Flowers, and Raw Cashew Nuts to markets in India, Japan, Turkey, and Vietnam for food, health, and industrial use. At Mafa, agriculture is more than business — it's a commitment to communities and global food security.
